INVITATION

On behalf of the Australian and New Zealand Society of Neuroradiology (ANZSNR), we would like to invite you to be part of the ANZSNR 2022 ASM. Despite the evolving pandemic, we are planning the most ambitious ASM yet.

After a yearlong hiatus, the 2022 ASM will be introducing many new features, which we hope you will be as excited about as we are:

- The largest dedicated industry floor space ever
- Strong focus on creating opportunities for networking, group discussions and socialising
- The first-ever neurointervention trainee course on the opening Thursday
- Diagnostic revision course on the closing Sunday
- Parallel sessions for neurointervention and diagnostic talks. This will allow us to increase the number of speakers for both streams and improve the flow of the program
- Plenary session dedicated to future advances in diagnostic and neurointerventional radiology
- The largest number of international speakers ever hosted
- Selected abstracts from the conference to be published in the Journal of Medical Imaging and Radiation Oncology, the official journal of the RANZCR! We are particularly excited about this achievement, a first for an ANZSNR ASM
- Dedicated conference app allowing sponsors to advertise.

The last 1-2 years have presented many challenges. The medical community, like all communities, has been fractured and separated. Our vision is to reunite with our colleagues not in a nostalgic way but in a way that continues to push the science and patient outcomes forward.

We look forward to working with old and new industry partners in achieving this ambitious goal.

Sincerely,

Dr Nathan Manning

Dr Andrew Cheung
